

August 10, 2024

Dear Parents/Guardians:

The St. Johns County School District's high schools will administer the PSAT/NMSQT test to all 10th graders free of charge on October 22, 2025. The school will automatically register all 10th-grade students.

The PSAT/NMSQT is an important test that provides numerous benefits to help students along the path to college.

- The PSAT/NMSQT is great practice for the SAT®.
- Students will also get personalized feedback on their performance to help improve their skills before taking the SAT.
- In addition, students receive free college planning tools to help them start their college search and receive feedback on the types of AP courses for which they may be particularly well prepared. These college-level classes can help students earn college credit while still in high school, providing them with a competitive advantage in college admissions.
- If your child is interested in hearing from colleges and universities across the country that are looking for students like them, remind your child to opt in to Student Search Service® when he or she takes the test.
- Additionally, a PSAT Math score of 430 is a concordant score for the Algebra 1 EOC.

Any 10th-grade parent who does not wish their student to take the PSAT/NMSQT test on October 22nd must sign this letter and have the student return it to the front office by Friday, September 12th, 2025.

Sincerely,

Mia Bahr

Tocoi Creek High School, Testing Coordinator

I request that my 10th-grade student be **exempt** from the PSAT/NMSQT.
