## Dear Students, Parents, Guardians and Community Members,

Things are starting to take shape at TCHS with the official “firing-up” of our chiller ice plant at TCHS this month. All window glazing is complete, each building is “dried-in”, mechanical-electrical-plumbing (MEP) work is underway, and sheetrock and ceiling grids are being installed...it is truly exciting to see all that has been done at the site. In addition to all the interior work being completed, our parking lots received their first base material this week and the football, softball, baseball fields and tennis courts are receiving their final laser checked grades and irrigation, you can almost hear the cheering, smell the hotdogs cooking and can visualize our Toros taking the field.

### Toro Support Organizations
