

Dear Toro Nation,

Another eventful week at TCHS ended with a fun Spirit Rally in the morning prior to school starting. Face paint, line dancing, dance - cheer squads, and fun tunes started our Friday in preparation for our first home football game...we hope to see you tonight at 7:00 pm for kickoff.

### **School Advisory Council (SAC)**

The School Advisory council helps explore ways to improve the education of the students in our school. A member can also represent the views of others in the community and encourage their participation in the school. By valuing and respecting everyone's views, the council creates a partnership among the school, the students' families, and the community. Such a partnership can help all students become well-educated, well-adjusted, and productive citizens. When the entire school community works together to support learning, children tend to succeed, not just in school but throughout their lives. Member participation in this process is crucial.

# Beaches Go Green | Publix/Publix GreenWise Market to provide Reusable Bottles to Local Youth Athletes in an Effort to Reduce Plastic Pollution!

**Jacksonville, FL, August, 2022**— THINK REUSABLE for a healthier planet & healthier athletes! Reducing plastic pollution is the goal of the Beaches Go Green's Reusable Sports Bottle Program (RBS). Through a generous sponsorship by Publix & Publix GreenWise Market, and a partnership with Beaches Go Green (BGG), over 12,000 youth athletes will receive a SIC stainless-steel reusable sports bottle as part of their sport's uniform for the 2022-23 school year. Student athletes who receive their school's custom logo'd bottles will receive education on plastic pollution and will be strongly encouraged to use and reuse the bottles at practices, games and beyond!

"Our Publix Mission challenges us to be responsible citizens in our communities," said Maria Brous Publix director of communications. "Part of that mission is to meet today's needs while being mindful of what's essential for tomorrow. We are proud to support student athletes and share in the responsibility to educate our youth on the principles of reduce, reuse and recycle."

Founder of Beaches Go Green, Anne Marie Moquin, added "Our goal is to create awareness about wasteful & polluting single-use plastic. Plastic does NOT biodegrade. It breaks up into tiny pieces of plastic called microplastics, which are now found almost everywhere, especially in our soil, air, water & food. As a society, we are just beginning to understand the negative impact of plastic on our planet! The schools/teams benefiting from this RBS program also have Beaches Go Green Student Environmental Education Clubs. BGG Student Club members help to educate their peers and help to put the "reuse" ideas into action! We are optimistic that student athletes will adopt these REUSE habits and skip single-use plastic at school, on the field/court, at home and in everyday life."

Beaches Go Green, a 501(c)(3) nonprofit, aims to create awareness and education around the waste that we produce and how it impacts our planet. With a focus on single-use plastics and our oceans, BGG encourages people to take small steps to decrease their plastic consumption and overall waste. We believe that through awareness and education, people will make small changes in their lives that will add up to BIG changes for the planet.
