ATTENTION RISING 11TH STUDENTS AND PARENTS:

Do you want your student to have an extra edge when applying to colleges? Do you want your student to learn critical thinking, presentation and evaluation skills to help them in any academic course? Consider encouraging your student to take AP Seminar!

In AP Seminar, students develop and practice the skills in research, collaboration, and communication that they will need in any academic discipline. Students investigate topics in a variety of subject areas, write research-based essays, and design and give presentations both individually and as part of a team.

Skills You'll Learn

- ✓ Reading and analyzing articles, studies, and other texts
- ✓ Viewing an issue from multiple perspectives
- ✓ Gathering and combining information from sources
- ✓ Crafting arguments based on evidence

Tocoi Creek High School is unique because we offer the AP Capstone program. Through this program, you can earn either the AP Capstone Diploma™ or the AP Seminar and Research Certificate™. When your student applies to college, they can denote these awards through the application process. Earning a Capstone Diploma makes students extremely competitive in the application process.

AP Capstone Awards are listed on AP score reports, and students who earn the diploma or certificate can view and print their award certificate from their online account. Awards are also included on any AP score report sent to colleges. Here are the requirements to earn an AP Capstone award:

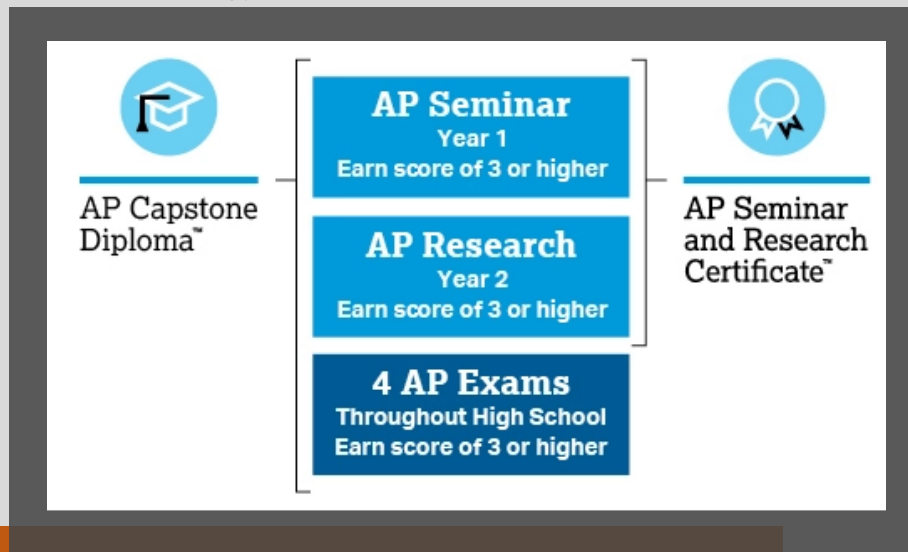

- The AP Capstone Diploma is granted to students who earn scores of 3 or higher in AP Seminar and AP Research and on 4 additional AP Exams of their choosing.
- The AP Seminar and Research Certificate is granted to students who earn scores of 3 or higher in both AP Seminar and AP Research.

This diagram (to the right) illustrates the requirements of each award:

If you believe your student would be interested in this course, please have them discuss this with their counselor during registration!
